CREATING HOPE FOR LIVING WELL

A Healing Retreat for Grieving Mamas

Regardless of the age they were or how many (or few) memories you made together, the death of a child is truly one of the worst experiences a parent can face.

Dr. Laura Berman, well-known relationship therapist and TV host, knows this pain only too well. Her 16-year-old son, Sammy, died suddenly and tragically on February 7, 2021. As her heart was broken and her pain was feeling unbearable, she accepted an invitation to visit one of her favorite healing spaces, 1440 Multiversity, in the Santa Cruz Mountains. There she spent a week going deep into her grief, held by the trees and the amazing healers who made themselves available to her.

Dr. Berman drove home feeling more calm, clear and stable than she ever imagined she would — or could. As she thought back on all the healing she received during those few days, one thing was very clear to her: *Every mother deserves to experience this kind of support. It was in that moment that Dr. Berman decided she would come back.* But this time she would bring a group of other mothers with her.

In Spring 2024, the **Love Mama Grief Retreat** hosted its first gathering at 1440 Multiversity, intended to help mothers who experienced this unimaginable loss to begin to heal; to love themselves again; to honor and release some of the pain they carry; and to begin to connect with their children who have died in a meaningful and powerful way. It is not about forgetting our children or getting over the loss of them, but instead allowing ourselves to experience healing and love and connect more deeply with them in memory and spirit.

Love Mama Grief Retreat will once again provide a supportive, safe environment for Mothers of Angels to be with a community of other bereaved parents who have experienced similar traumatic loss. After losing a child, mothers still experience the pressure to pick up, move on, refuse help and continue to do it all. After all, others still need us. The truth is, when your heart is broken, it is very hard to care for others. Many mothers still have to work full-time, take care of their remaining children, and find a way to deal with the immeasurable pain of their loss all at the same time. ***This retreat will give you permission to heal.***

Support From the Love Mamas

A group of beautiful volunteers called the *Love Mamas* are always on hand to support our grieving mamas if one-on-one attention is needed; if connecting them with one of the teaching or healing staff would be helpful; if big emotions feel like they are getting overwhelming; or if a hug is just needed. Attendees will receive a radio to use on campus to communicate with each other and to reach Love Mamas who will be on call to help. All Love Mamas are very familiar with the grieving process, and have done a lot of their own work and healing.

The loss of a child is deeper and wider than any other loss. There is amazing healing and power found spending time with others who empathize with and share a similar level of loss. Our hope is that attendees discover deep and lasting community and friendships with like-minded souls they can be supported by and support long after the retreat ends.

A NOTE TO POTENTIAL ATTENDEES

Love Mama Grief Retreat may be for you if you've had a child transition at any age — or lost a pregnancy at any stage — and you need to be loved, held and cared for even if just for a few days. This is an opportunity to release from the stressors of everyday life and the people you have to keep it together for or take care of.

Don't worry if any these offerings are new to you or feel intimidating. Everything will be done with love and compassion and to your level of comfort, and you won't be pushed further than you want to go.

These four days are intended to provide the safety and healing you need to fully inhabit your grief — to pause, reflect and perhaps begin to discover new meaning that may be found by going and growing through this pain. All you have to do is hold an open heart and mind, and be willing to start healing.

There is no timeline on grief, so whether your loss happened a few months or a few decades ago and you are struggling with feelings of pain or loss; need some emotional support; or long to connect more deeply to those you have lost, we want to be here for you.

With gratitude and love, *Dr. Berman*

About 1440 Multiversity

Campus History

Nearly a decade ago, 1440 Multiversity co-creator Joanie Kriens was inspired while tending to and harvesting vegetables in her home garden. In that mindful moment, she was overcome by feelings of happiness, contentment, and joy – for the colorful tomatoes and squash in her basket, the quiet beauty of the land, and the preciousness of life with her family and friends. This heightened awareness and gratitude may have only lasted just a minute or two, yet it had a profound effect on Joanie. It made her wonder how many minutes there are in each day, and how we might all live more self-aware with gratitude for the simple blessings in life. After turning to Google for the answer, the 1440 name was born – little did she know she would find it in her own backyard.

Following several years of philanthropic grant-making, the 1440 Multiversity campus opened in May 2017 among the towering redwoods of the Santa Cruz Mountains, stemmed from a desire to establish a beautiful and nurturing physical location where community could gather to explore, learn, reflect, connect, and re-energize. The invitation to participate is extended to all unbound by the range of human differences.

What is a Multiversity?

A *multiversity* is a place where learning extends beyond traditional academic boundaries to support growth in every dimension of life. At 1440 we believe in the power of transformation that happens when we engage the mind, body, heart, and spirit through our five pillars: Live Well, Lead Well, Love Well, Work Well, and Wonder Well. As a human charging station, we design experiences that strengthen relationships, renew energy, spark discovery, awaken creativity, and stimulate generative energy. “Multi” represents the many paths and possibilities available to each person’s journey of growth and exploration. “Versity” reflects the power of learning through connection, community, shared experiences, and conversations that matter. Together, we co-create and cultivate hope, purpose, and belonging while inspiring and enriching the world with opportunities to live well.

1440 | Campus Amenities

Located on 75 magical wooded acres, the 1440 Multiversity campus serves as a human charging station where guests feel more energized at the end of their visit than when they arrived. A thoughtful combination of signature wellness classes, local sustainable culinary, and time to connect with self and others provides a truly restorative program that will continue to benefit attendees long after they return home.

Kitchen Table

The heart of the 1440 campus, Kitchen Table is the dining room on campus where each participant will enjoy three nutritious meals per day. Operating with a “Food As Medicine” approach, the 1440 Multiversity culinary team works mindfully using fresh and locally sourced foods to prepare flavorful dishes for all dietary needs, including gluten-free, paleo, lactose-free, and vegan. Chefs cook with the freshest produce harvested within a 300-mile radius of campus and organic meats and seafood from partners dedicated to sustainable and humane practices. Feel energized after each savory meal at Kitchen Table to optimize the full program experience on campus.

Campus Nature Trails & Glenwood Preserve

A mindful, leisurely stroll along redwood-lined campus trails is a significant part of the integrated wellness experience for guests, helping supplement their program, healing, and self-discovery work. The Mother Tree, an old-growth redwood believed to be over 1,000 years old, towers over the campus Cathedral, an especially serene place to enjoy a moment of reflection.

Common Grounds Café

Common Grounds Café offers specialty items à la carte, from the first cup of cappuccino in the morning to a glass of craft beer or wine to close out the day. Guests can relax in Adirondack chairs on the spacious al fresco patio or on the cozy indoor couches. Enjoy freshly baked cookies and soft-serve ice cream between meal periods, or savor a cup of locally roasted coffee, spiced chai, or fresh-pressed juices outside by the fire pits.

Accommodations

The perfect complement to a day of growth, guest rooms at 1440 promote rest and relaxation. Participants will stay in a private room with private bath, and guest rooms are intentionally void of TVs and phones so guests can unplug and reflect. Each building is equipped with Wi-Fi, a water bottle filling station, and a courtesy phone, and rooms can be accessed without using an elevator (which remains available if needed).

Sundries & Essentials

Retail shopping on campus is available in the Lodge exclusively for registered guests, and includes a variety of educational, inspirational, and essential items to complement learning work on campus and when returning home. A selection of books, clothing, accessories, and jewelry (with an emphasis on local vendors and fair-trade items) is available along with convenience items.

Infinity Hot Tub

Located at the Healing Arts center and surrounded by redwoods, the 250-square-foot Infinity Hot Tub is one of the most popular locations on campus. A soak in the steamy saltwater tub, either in the sunlight or beneath the magic of clear night skies in the mountains, is indescribably soothing to the spirit, beneficial to the body, and a memorably relaxing way to round out a day of self-care.

Fitness Center

The 1,400-square-foot Fitness Center is well-equipped with weights, ellipticals, stationary bikes, a treadmill, and more. Work out inside with a view of the redwoods or bring props onto the patio to stretch and exercise in the fresh air.

Signature Classes

A visit to campus provides guests the opportunity to explore their passions and interests in a safe community of instructors and fellow participants. Signature classes at 1440 range from creative, to physical, to introspective, and more – all designed to awaken the mind, body, and spirit. During your stay, you may experience yoga, meditation, tai chi, or nutrition classes, or a soothing sound bath to relax into the evening.

Video Surveillance Notice: To support the safety, security, and wellbeing of our guests, staff, and community, public and common areas of campus are monitored and recorded by video surveillance consistent with California law. By entering the campus, you acknowledge that activities occurring in public and common areas may be recorded and that individuals in such areas should not have a reasonable expectation of privacy.

A chef is shown from the chest down, wearing a black short-sleeved shirt with "1440 MULTIVERSITY" printed in gold on the left sleeve. They are also wearing a green apron with a gold-colored logo. The chef is holding a round, light-colored plate with a gourmet dish. The dish includes a piece of seared meat, a yellow sauce, a hard-boiled egg, and fresh herbs. The background is blurred, showing greenery and a white bowl.
