# Culinary Offerings

## *Kitchen Table: The heart of sustenance*

**ALL GUESTS ON CAMPUS GATHER IN KITCHEN TABLE** – the grand dining space on campus – for breakfast, lunch and dinner to enjoy freshly prepared seasonal meals that include savory soups, delicious simple-fare options, hearty main courses, and sweet desserts at dinnertime. Kitchen Table was built to hold 450 guests at a time for each meal period – seating has been modified both indoors and outdoors to accommodate plenty of personal space for safe social distancing.

A wood-burning fireplace warmly welcomes guests at the entrance to Kitchen Table, and once inside, a variety of dining stations offer dishes topped with organic ingredients and garnishes from Joanie’s Garden on campus, plated and served by the 1440 Multiversity culinary team. Guests then choose a table in the expansive indoor dining area or al fresco overlooking the redwoods.

The 1440 Multiversity culinary team – led by Executive Chef Jose Fernandez – enjoys a creative approach to seasonal dining with colorful aromatic ingredients that inspire its cuisine. Each week the 1440 Multiversity campus forager procures the freshest products from local growers, and chefs use their harvests to create wholesome, flavorful meals. The nearby Salinas Valley and city of Watsonville are known as the “Salad Bowl of the World” for the abundant produce they grow, pack and ship across the nation and abroad, and 1440 is blessed to source directly from them.

The menu offerings at 1440 Multiversity were established with the notion that nutrition is a critical component for physical and emotional health and healing. With that in mind, the 1440 Multiversity culinary team operates mindfully and with a “Food is Medicine” approach, and the team and the guests it serves takes comfort in seeing and knowing where these ingredients originate from.

Menus at 1440 vary daily, with gluten-free and vegan options at every meal. All produce is sourced from within a 300-mile radius and often paired with organic meats and seafood from partners dedicated to sustainable and humane practices. From simple fare to wholesome favorites, the 1440 Multiversity culinary team personally plates each meal to preserve freshness – it is their pleasure to surprise guests every day with cuisine that is as innovative as it is nourishing.

Private dining package options are also available upon request to include customized menus and venues for additional fees.

CHEF JOSE FERNANDEZ

# The 1440 Multiversity Culinary Team

**DYNAMIC AS IT IS COMPASSIONATE**, the 1440 culinary team employs a range of highly talented professionals. Here are three members of the 1440 family that help make our cuisine fresh and nourishing.

## Jose Fernandez, Executive Chef, Culinary Experiences

Chef Jose Fernandez leads the 1440 Culinary Team as Executive Chef, Culinary Experiences, and brings a passion for nature, community and flavors to his role in the redwoods. Originally from Barcelona, Spain, Chef Jose honed his skills in Michelin-starred restaurants throughout his native country before moving to the U.S., where he has since held top culinary positions while evolving and perfecting his craft at award-winning restaurants and luxury hospitality establishments in different regions all across the country.

It was Chef Jose’s early experiences, coupled with memories from his own family’s kitchen, that ultimately shaped his culinary point of view, which is to use fresh and seasonal ingredients with an emphasis on organic and sustainable whole foods. Chef Jose is passionate about incorporating elements of the local culture, authentic flavors and regionally-grown ingredients into his dishes, while also blending distinct influences from his native country and other places he’s explored around the world that have inspired him.

“I look forward to immersing myself with the community and groups here at 1440 to continue our vision of creating hope for living well,” Chef Jose says. “I’m especially excited to co-create new culinary ideas in line with our nutrition philosophy to benefit our guests both while they are on campus and when they return home.”

## Mike MacDonald, Master Gardener

As a market manager for the Santa Cruz farmers markets, Mike MacDonald has been helping 1440 procure all of the fresh ingredients for our meals since the campus opened. Mike was so impressed with our commitment to freshness that he inquired about working for 1440 directly and within the last year has become our Master Gardener, tending Joanie’s Garden located outside the 1440 Teaching Kitchen.

Some of the items that Mike has nurtured in the garden include edible flowers, herbs, and various fruits and vegetables. He preserves much of it, and frequently dries foods as well, such as dried chilies from the summer and sunflower seeds.

With his background and education in agriculture, food systems, and gardening, Mike collaborates with the chefs at 1440 to ensure that Joanie’s Garden is an ever-evolving, blossoming and sustainable haven on campus for visitors to enjoy.

## Pete Delfino, Campus Forager

Deeply rooted in a prominent local farming family that has been in business since the 1920s, campus forager Pete Delfino procures 100 percent of the produce, meat, poultry, fish, spices, flours, and unique ingredients that our 1440 chefs request – sometimes with just a few days’ notice. The relationships he has sowed in the community have allowed 1440 to go grower-direct in ways that many kitchens cannot, allowing 1440 to benefit from the best ingredients in the region.

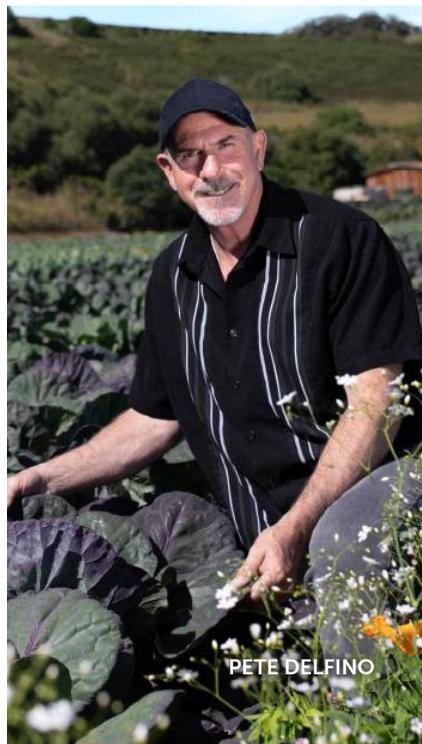

After many successful years as a farmer, Pete intended to retire soon. His plans unexpectedly changed once he started delivering produce to 1440. He enjoyed his growing relationships with the team here and came to appreciate the commitment we had to locally grown produce. When he heard 1440 was looking for someone to step into a procurement role, he jumped at the opportunity.

With his expertise, creativity, curiosity, and connections to the farming community, Pete brings enthusiasm and natural expertise to the 1440 family, and in return he feels re-energized. “I fell in love with how innovative and creative the team and young chefs at 1440 are,” Pete says. “There’s so much passion for this place it’s addictive.”
