Venue Concept

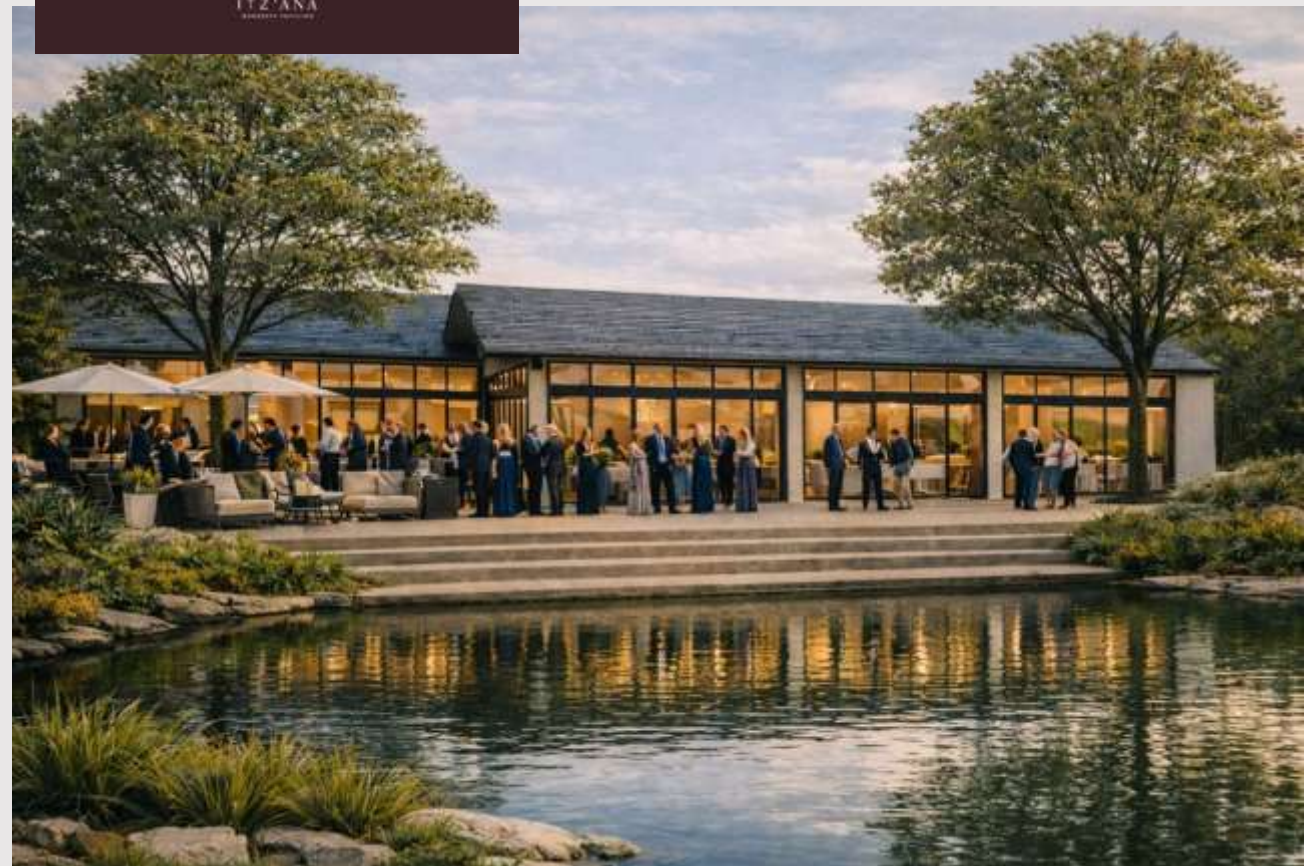

MANGROVE PAVILION

Where the lagoon becomes the venue

Hidden within Belize's untouched mangrove landscape, Itz'ana Resort introduces a destination venue conceived as an immersive connection between architecture, water, jungle and sea.

Panoramic glass walls dissolve the boundary between indoors and outdoors, so every event feels deeply rooted in nature yet elevated by world-class hospitality and refined design.

Positioned among the most exclusive luxury event destinations in Central America — for weddings, sunset ceremonies, executive retreats and private celebrations.

THE LAGOON TERRACE

As the glass walls disappear, the pavilion becomes a fluid indoor–outdoor stage — a waterfront ceremony, a cocktail garden, a moonlit dinner.

Mangrove Pavillion Event Venue

The Mangrove Pavilion at Itz'ana Resort & Residences is an exclusive luxury event venue hidden within Belize's untouched mangrove landscape. Blending bioclimatic architecture with panoramic glass walls and an open-air lagoon terrace, this immersive sanctuary provides a cinematic, indoor-outdoor setting for world-class destination weddings, group conventions, incentives, retreats and private events.
